

Cow Creek Government Office

Mobile Integrated Health (MIH) Coordinator

Job Code: 2337
Department: CCH&W
Location: Roseburg, Oregon
Minimum Hourly: \$32.64

POSITION PURPOSE:

As a Mobile Integrated Healthcare Coordinator within our organization, you will play a pivotal role in delivering primary care and advanced life support to tribal members. This dynamic position goes beyond traditional paramedic duties by encompassing additional responsibilities as a coordinator, enhancing the overall quality of healthcare services provided to our community.

ESSENTIAL FUNCTIONS:

- **Primary Care:** Collaborate with the MIH team to offer primary care services, including health assessments, preventive care, and chronic disease management, to tribal members within the community.
- **Patient Advocacy:** Act as an advocate for patients, ensuring that their healthcare needs are met holistically, including social and cultural considerations. Promote health education and community outreach initiatives.
- **Mobile Integrated Healthcare (MIH):** Participate in MIH programs, providing continuity of care beyond the emergency response setting. Develop care plans, conduct follow-up visits, and support patients in managing their health conditions.
- **Coordination and Collaboration:** Serve as a liaison between the tribal healthcare system, community organizations, and other healthcare providers. Facilitate seamless transitions of care and coordinate services to meet the unique needs of tribal members.
- **Cultural Competence:** Respect and incorporate tribal cultural beliefs and practices into healthcare delivery, ensuring that care is culturally sensitive and respectful of tribal traditions.
- **Data Management:** Maintain accurate patient records, collect, and analyze health data, and report on outcomes to enhance healthcare program effectiveness.

QUALIFICATIONS:

- Current CHW (Community Health Worker) Certificate
- Current THW (Traditional Health Worker) Certificate—CHW, Doula, PHW, PSS
- State licensure and CPR certification.
- ACLS/BLS Certification
- Strong interpersonal and communication skills.
- Cultural competence and the ability to work respectfully with tribal communities.
- Organizational and coordination skills.
- Proficiency in medical documentation and data management.
- Valid Oregon driver's license.
- Must know how to use computer/electronic health records.
- US Citizen
- More than 3 years of experience in healthcare
- More than 5 years' experience as a Paramedic
- Associate degree in healthcare or related field
- ACLS/BLS Instructor
- Project Management Skills
- Experience with Healthcare Software
