

Umpqua Indian Utility Cooperative

Construction Laborer

Job Code: 4308
Department: UIUC
Location: Canyonville, OR
Minimum Hourly: \$27.76

POSITION PURPOSE:

Responsible to construct, erect, install and repair structures and fixtures of many types of materials such as wood, plywood, and wallboard, using hand tools and power tools. Prepare and clean up construction project sites.

ESSENTIAL FUNCTIONS:

- Shape or cut materials to specified measurements, using hand tools, machines, or power tools.
- Follow established safety rules and regulations and maintain a safe and clean environment.
- Install structures or fixtures, such as windows, frames, floorings, trim, or hardware, using carpenters' hand or power tools.
- Verify trueness of structure. Inspect ceiling or floor tile, wall coverings, siding, glass, or woodwork to detect broken or damaged structures.
- Build, install or repair cabinets, doors, frameworks, floors, or other wooden fixtures used in buildings, using woodworking machines, carpenter's hand tools, or power tools.
- Assemble and fasten materials to make frameworks or props.
- Remove damaged or defective parts or sections of structures and repair or replace.
- Finish surfaces of woodwork or wallboard in houses or buildings, using paint, hand tools, or paneling.
- Work with or remove hazardous material.
- Perform minor plumbing, welding, or concrete mixing work.
- Operate jackhammers and drills to break up concrete or pavement.
- Place, consolidate, and protect case-in-place concrete or masonry structures.

- Position, join, align, and seal structural components, such as concrete wall sections and pipes.
- Signal equipment operators to facilitate alignment, movement, and adjustment of machinery, equipment, and materials.
- Smooth and finish freshly poured cement or concrete, using floats, trowels, screeds, or powered cement finishing tools.
- Clean and prepare construction sites to eliminate possible hazards.
- Erect and disassemble scaffolding, shoring, braces, traffic barricades, ramps, and other temporary structures.
- Install sewer, water, and storm drainpipes, using pipe-laying machinery and laser guidance equipment.
- Load, unload, and identify building materials, machinery, and tools, and distribute them to the appropriate locations, according to project plans and specifications.
- Read and interpret plans, instructions, and specifications to determine work activities.
- All other duties as required.

QUALIFICATIONS:

- High School Diploma or GED Certificate.
- 3-5 yrs experience working in the Construction Industry.
- Ability to work from construction specifications or blueprints.
- Ability to understand and carry out written and oral instructions.
- Ability to perform manual work that requires periods of extensive physical exertion and potential exposure to adverse weather conditions.
- Ability to look beyond the standard solutions.
- Analytical/mathematics skills are essential.
- Ability to identify and correct conditions that affect employee safety.
- Current and valid Oregon Driver's License with the ability to qualify for the Cow Creek Government Office Drivers Program.
