Informed Consent for Behavioral Health Treatment

Welcome to Cow Creek Health and Wellness (CCH&W) Behavioral Health. We hope that your experience with us will be positive, and that our assistance will be beneficial to you on your journey.

Consent to Services

Participation in behavioral health treatment is voluntary. Behavioral Health (BH) Treatment takes many forms which could include interviews, assessment or testing, psychotherapy, and/or medication management. Treatment may also include various mental health treatment modalities (EMDR, CBT, ACT, DBT, etc.). Your BH team member will discuss various treatment options with you. You are encouraged to work with your team member to develop your plan of care and you should be informed of any new modalities used within your treatment process.

Risks and Benefits

Behavioral Health treatment has both benefits and risks. Risks may include experiencing uncomfortable feelings, because the process often requires discussing difficult aspects of one's life. However, treatment has been shown to have benefits. It often leads to a significant reduction in feelings of distress, increased satisfaction in relationships, greater awareness and insight, increased skills and resolutions to specific problems. A small number of clients may not improve with treatment. Terminating treatment before it is clinically indicated increases risks. It is important to keep your clinician advised of any difficulty you may encounter during your treatment or if you are considering stopping your treatment sessions before clinically indicated.

As a client of CCH&W, you are not required to accept treatment from CCH&W Behavioral Health Staff at any time, and you have the right to decline part or all of your treatment, including withdrawal from our services should you choose.

One Medical Record

Cow Creek Health and Wellness has an electronic health record. Anyone who provides treatment for you at CCH&W will have access to all clinical notes in your clinical record.

Confidentiality

Information shared with a behavioral health professional is confidential and will not be shared outside this agency without your written consent except under the following conditions:

- Any information disclosed regarding threat of harm to self or another must be addressed.
- Any information disclosed regarding harm done to a child, elder, or disabled person will be disclosed to law enforcement or other appropriate agencies.
- Behavioral health professionals may be court ordered to testify about treatment at Cow Creek.

Patients who are seen at CCH&W are asked to protect the confidentiality of all patients who attend treatment at Cow Creek Behavioral Health Program. This means not discussing the treatment of any individual who is, or has been, in any Cow Creek Behavioral Health program with anyone. As AA so eloquently states, "Who you see here and what you hear here, let it stay here."

Grievance

If you have questions regarding your treatment, you may speak openly about them with your behavioral health team. If problems persist, you may request a treatment review by the Behavioral Health Manager and/or the Health/Medical Director.

Missed Appointments

If you miss three or more appointments in a 12-month period, your current treatment episode will be closed. However, you always have the ability to request services at a later date. Please refer to the Behavioral Health Late Patient, Late Cancellation, and No-Show Policy on page 7 for more details.

Behavioral Health Telemental Health Informed Consent

I, _____, hereby consent to participate in telemental health
(print patient's name)
with _____ as part of my psychotherapy.
(print therapist's name)

By signing below, I indicate that I understand that telemental health is the practice of delivering clinical health care services via technology-assisted media or other electronic means between a practitioner and a client who are located in two different locations.

By signing, I indicate that I understand the following with respect to telemental health:

1. I understand that I have the right to withdraw consent at any time without affecting my right to future care, services, or program benefits to which I would otherwise be entitled.
2. I understand that there are risks, benefits, and consequences associated with telemental health, including but not limited to, disruption of transmission by technology failures, interruption and/or breaches of confidentiality by unauthorized persons, and/or limited ability to respond to emergencies.
3. I understand that there will be no recording of any of the online sessions by either party. All information disclosed within sessions and written records pertaining to those sessions are confidential and may not be disclosed to anyone without written authorization, except where the disclosure is permitted and/or required by law.
4. I understand that the privacy laws that protect the confidentiality of my protected health information (PHI) also apply to telemental health, unless an exception to confidentiality applies (i.e. mandatory reporting of child, elder, or vulnerable adult abuse; danger to self or others; or I raise mental/emotional health as an issue in a legal proceeding).
5. I understand that if I am having suicidal or homicidal thoughts, actively experiencing psychotic symptoms, or experiencing a mental health crisis that cannot be resolved remotely, it may be determined that telemental health services are not appropriate, and that a higher level of care is required.
6. I understand that during a telemental health session, we could encounter technical difficulties resulting in service interruptions. If this occurs, I should end and restart the session. If I and my therapist are unable to reconnect within ten minutes, I should call my therapist to discuss the situation, since we may have to re-schedule.
7. I understand that my therapist may need to contact my emergency contact and/or appropriate authorities in case of an emergency (see Emergency Protocols below).

Emergency Protocols

In case of an emergency, your therapist needs to know the following information:

1. Your location at the beginning of each session.
2. A person whom your therapist can contact on your behalf only in a life-threatening emergency. This person would only be contacted to go to your location or take you to the hospital in the event of an emergency.

By signing below, I agree to inform my therapist of the address where I am at the beginning of each session.

In case of an emergency, my location is:

My emergency contact person's name, address, and phone number are:

By signing below, I indicate that I have read the information provided above and have discussed it with my therapist. I understand that the information contained in this form, and indicate that all of my questions have been answered to my satisfaction.

Behavioral Health Late Patient, Late Cancellation, and No-Show Policy

It is the policy of CCH&WC to offer accessible services. In order to do so, we need all clients to share in the responsibility of managing the appointments.

Please be aware of the following concerning late patients, late cancellations, and no-shows:

1. **Late.** If a patient is late up to 15 minutes, the clinic can try to accommodate the patient. However, the patient will be told that they may need to wait to be seen, or that the appointment may be brief. The patient is encouraged to call if they are going to be late. Calling will not guarantee an appointment. All late offenses will be documented in the patient's chart. Three consecutive late appointments in a one-year period of time will result in escalation to the provider for further action.
 - a. The first offense will be waived, and the team will make every attempt to see the patient.
 - b. After the second offense, office staff will talk with the patient and other direct team members to see or reschedule the patient.
 - c. After the third offense, the appointment will be cancelled and rescheduled. If there is acute need, the patient will need to reschedule or go to the Emergency Room.
2. **Cancellation.** CCH&WC requests that patients give our clinic 24 hours notice in the event the appointment needs to be canceled or rescheduled. If transportation is a barrier, our clinic can offer a telemedicine visit using video technology, depending upon the purpose of the visit. The patient will be asked if they are interested in this option when calling to cancel. If the patient does not call our clinic to cancel/reschedule the appointment in the time allotted, the clinic will apply the following. Three consecutive cancellations without 24-hour notice in a one-year period of time will result in escalation to the provider for further action.
 - a. The first offense will be waived.
 - b. After the second offense, the patient will have to re-sign the agreement to abide by it.
 - c. After the third offense, the provider and office staff will speak with the patient regarding the disruption of patient care, and the importance of cancelling with more than 24 hours notice.
3. **No-Show.** CCH&WC requests that patients call and cancel so that another patient can fill that appointment spot. If a patient fails to show up for a scheduled appointment, we will apply the following. Three consecutive no-shows in a one-year period of time will result in escalation to the provider for further action.
 - a. First no-show. Office staff will call the patient to discuss the no-show and to reschedule. The PCC will document the no-show in the Electronic Health Record (EHR).
 - b. Second no-show. Office staff will send a form letter within the EHR, and email the form letter to the patient using liquid files.
 - c. Third no-show. Office staff will send a form letter within the EHR and email the form letter to the patient using liquid files. Office staff will then put an alert in the EHR notifying the office staff prior to making another appointment. Office staff will call and talk with the patient to discuss the history of no-shows and have the patient re-sign the policy and agree to abide by it.

*Behavioral Health and Substance Use Disorder patients may receive alternative communication from the clinic.

By signing below, I indicate that I have read and understood the Behavioral Health Late Patient, Late Cancellation, and No-Show Policy, and that I am in agreement with this policy:
