

Cow Creek Government Office

Psychiatric Nurse Practitioner

Job Code: 2413
Department: Cow Creek Behavioral Health
Location: Roseburg/Canyonville, OR.
Salary: DOE

POSITION PURPOSE:

The purpose of this position is to expand the CCH&WC & behavioral health staff to include a licensed provider that can provide psychiatric evaluations, medication evaluations, and medication monitoring specifically for CCH&WC behavioral health beneficiaries.

ESSENTIAL FUNCTIONS:

- Conduct psychiatric assessments and develop personalized treatment plans for individuals diagnosed with mental health disorders.
- Prescribe and monitor medication regimens to manage psychiatric symptoms, following evidence-based practices.
- Provide therapeutic interventions, including individual and group therapy sessions, to help patients cope with and overcome mental health challenges.
- Collaborate with physicians, psychologists, and other healthcare professionals to ensure holistic and integrated care for patients.
- Educate patients and their families about mental health conditions, treatment options, and strategies for managing symptoms.
- Monitor and evaluate patients' progress, adjusting treatment plans as necessary.
- Maintain accurate and up-to-date patient records and documentation, ensuring compliance with legal and ethical standards.

QUALIFICATIONS:

- Master's or Doctoral degree in Nursing with specialization in Psychiatric/Mental Health.
- Current certification as a Psychiatric Nurse Practitioner.
- Valid state licensure as a Nurse Practitioner.
- Minimum of 2 years' experience working in psychiatric/mental health settings.
- Strong knowledge of psychiatric assessment, diagnosis, and treatment modalities.

- Proficiency in prescribing and managing psychiatric medications.
- Excellent communication and interpersonal skills, with the ability to establish rapport and build relationships with patients and their families.
- Ability to work collaboratively as part of a multidisciplinary team.
- Sound judgment and decision-making abilities, to provide safe and effective care.
- Attention to detail and strong organizational skills.
